REASONS FOR AND THE BENEFITS OF ENTERING INTO OF THE MORTGAGE LOAN AGREEMENT

The provision of the Loan was a transaction carried out as part of the ordinary and usual course of business activities of the Group. The terms of the Mortgage Loan Agreement (including but not limited to the interest rate) were arrived at by the parties after arm's length negotiations, with reference to the prevailing commercial practice, the securities provided and the amount of the Loan. The Loan will be funded by internal resources of the Group.

The grant of the Loan was made based on the Group's credit assessments on the financial strength and repayment ability of the Borrower and the securities provided by the Borrower. After having taken into account the factors as mentioned above, the Group considers that the credit risks of granting the Loan to the Borrower are relatively low. The grant of the Loan will provide additional interest income to the Group.

The Directors consider that the terms of the Mortgage Loan Agreement are on normal commercial terms and are fair and reasonable and the entering into of the Mortgage Loan Agreement is in the interests of the Company and its shareholders as a whole.
